

Butter and dough press

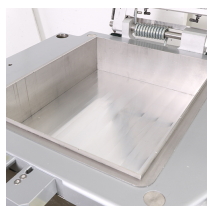

- Dedicated to fats and dense doughs
- Special high-pressure hydraulic oil
- High-pressure piston
- Fast and efficient
- Stainless steel bowl and casing

SPECIFICATIONS

Dimensions of tanks (L x W x H) in mm	460 x 387 x 125
Tank capacity in kg	5
Pressure plate	•
Motor power in kW	1.5
Net weight (in kg)	285

MAIN STRENGTHS

Stainless steel tank

For optimum hygiene and easy maintenance
